## HOMES BUILT WITH INTEGRITY

At Urban Homes, we believe ownership is key. We love building beautiful homes with integrity and we take ownership of your project as if it were our own.

We've created this kitchen plan book to help you design and shape an Urban home that is the perfect fit for you.

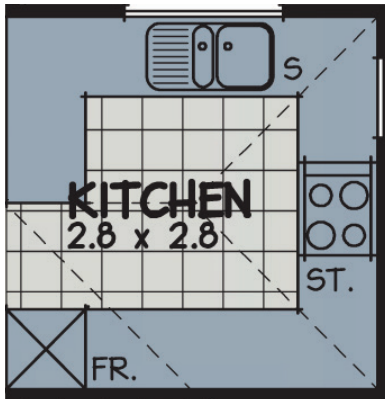

Our passion for perfection and commitment to deliver your masterpiece is reflected in the pages of this book. The sample kitchen plans and design features within are examples of customised homes we've designed, and all have been carefully selected to spark your imagination and get your creativity flowing.

As Waikato's most awarded Master builder, we love building relationships as much as we love building beautiful houses. Whether you want to design a bespoke, architecturally-inspired home from scratch or modify one of our existing designs, we're available to help you every step of the way.

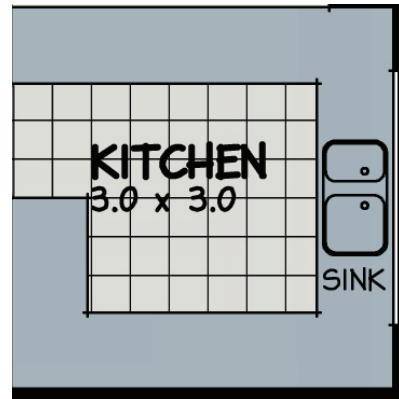

Underpinning this commitment to customer service are our values. In all areas, we are reliable, honest, loyal and trustworthy, with our clients, our contractors and each other.

We understand designing and building a new home is a momentous occasion and we encourage you to set out on the journey by perusing the many design ideas in this book. There's no such thing as 'too long' when it comes to wishlists!

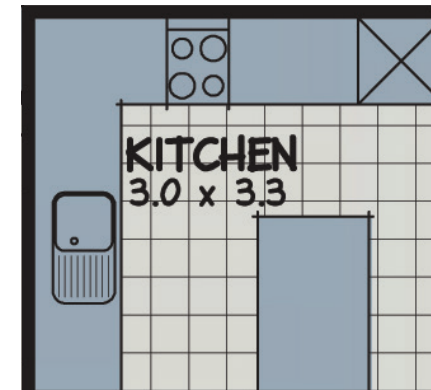

Please get in touch should you have any questions. We look forward to meeting with you to discuss how Urban Homes can bring your perfect home to life.
